Core Philosophy

KIPS School has its roots embedded in the core philosophy of KIPS which is the ultimate orchard where all flowers of learning, knowledge, curriculum planning, implementation, student grooming, sharing of ideas and assessment bloom.

OIC: The Philosophy behind KIPS School

Origin: Islam

Identity: Pakistan

Competence: Global

This philosophy refers to the idea that our Origin is Islam, Our Identity is Pakistan and we should develop our students to compete in a global market. Hence, all academic and non-academic activities like curriculum, lesson plans, syllabus, sports and creativity in KIPS School are derived from grass root philosophy of OIC, which is to be achieved through the collective effort of teachers, staff, students and parents.

A Word of Advice for Students by
Quaid-e-Azam Muhammad Ali Jinnah

“Development is being sought in every walk of life and you have to take on this process of development. Are you preparing to take on tomorrow’s responsibilities? Are you building your capacity? Are you trained enough? If no, then go and prepare yourself because this is the time to prepare yourself for future responsibilities.”

MESSAGE

Mr. Abid Wazir Khan
Chief Executive-KIPS

The People of Pakistan are a nation of great potential and spirit. Therefore, we have great prospects for Pakistan to play an unprecedented role in transforming today's world into a world of real peace, progress and prosperity.

I believe our future together with the future of the world, lies in the hands of our new generations who need to be groomed and educated in a way that perfectly accords with the philosophy of Islam. With this vision we have laid foundation of KIPS School that offers a complete career path to children, ensuring their full mental and physical growth and helping them to play a leading role with global competence.

Mr. Zahid Wazir Khan
Director KIPS Schools & Colleges

DEAR PARENTS

Assalam-o-Alaikum!

KIPS School is a community of professionals taking on the challenges of preparing our children for life in the 21st century. In doing so, we aim to support the parents and the community in the development of the full spiritual, emotional, cultural, intellectual and physical potential of each child within a secure caring environment.

Our core values are honesty, tolerance and respect leading to self discipline and elevated self esteem. At KIPS School, each individual is valued and respected. Our system provides suitable learning opportunities to unleash and celebrate the potential of each child.

At KIPS School, we have established a broad, balanced and exciting curriculum that supports the development of social, emotional attitude and leadership skills of students by polishing their multiple intelligences as they need to face the challenges of the time ahead.

KIPS School sustains a culture of physical & emotional security. By ensuring that we become able to promote high standards of learning, achievement and character for all our students.

We are steady to make positive contributions towards the grooming of our young learners. We appreciate your trust in our system with an assurance that we take a full responsibility of nurturing your child from every aspect in order to develop him/her as a useful and respectable member of the society. We hope having the same cooperation from your side too.

Thank you!
Sincerely yours,

Zahid Wazir Khan
(Director KIPS Schools & Colleges)

ABOUT KIPS SCHOOL

KIPS School is a total care and career realm. With its valuable institutional contribution in the region of Multan and Lahore (Johar Town, Allama Iqbal Town, Wapda Town and Mughalpur). KIPS school is advancing day by day to other awaiting areas of the city and Punjab as well.

Most recently KIPS School has launched another Purpose-built Campus "KIPS School Model Campus" in PGECHS Lahore for PG to Matric Classes with separate wings for boys and girls.

Our schooling and up-bringing develops leader like impact beyond the school walls. We work, value and explore the areas of gifted talent in each and every child. At joining, we closely analyze a child's temperament, attention state, learning capacities, interaction with the environment and proximal development. For nurturing innate curiosity, a social learning environment is our designed priority. Our students avail with rich visual, mathematical, lingual and logical source material. At KIPS School, a child becomes co-creator of his/her knowledge in the company of competent, concerned and considerate teachers.

In the very start of primary level, set pattern of hand-writing becomes a common skill among KIPSIANS. Grooming oriented colorful events are integral part of students study schedule. We

totally engage our students, at this stage, for the development of skills and competencies. Content conscious acquisition and case conscious opportunities make KIPS School hours meaningful and an experiential fun. At middle level, we pursue adaptation, creation, expression and communication of an individual more intensively.

Counseling facility at this stage becomes more prominent. The impressive combination of spoken ease and creative skills makes our KIPSIANS feel confident and proud. Throughout the year, Inter KIPS School Activity platform enhances the performance of students in academics, arts and sports.

Our leading strategies focus moral, motivational and academic excellence for personal, professional and social life altogether at secondary level. Every year extraordinary Board Results of KIPS School, help our students realize their potential to the fullest as distinctive teaching methodology of KIPS School, which includes text handling clarity, time management approach and unique performing skills, make no way unknown to them for securing 100 percent marks in each subject.

With the blend of academic competence and life skills we envision our KIPSIANS as future leaders.

Co-curricular Activities

KIPS SCHOOL CO-CURRICULAR ACTIVITIES

CCAs are an integral part of education, not an add-on or option. At KIPS, our focus is not only on achieving short term educational goals, but also on building the physical, intellectual, moral, and social foundations of character in our students.

Co-curricular activities (CCAs) inculcate moral values and develop competencies, and at the same time foster social integration and deepen students' sense of belonging and responsibility towards their community and country.

KIPS SCHOOL SOCIETIES

KIPS School is having four societies which are administered by students as presidents, vice-presidents and other designations under the supervision of teachers.

Virtual Sessions

Virtual sessions are a part of Co-Curricular Activities in KIPS Schools to impart knowledge by linking beyond geographical borders using latest technology and online resources.

Recreational Trips

Children are given refresher breaks in the form of recreational trips to drag them out of monotonous academic life.

These trips become full of knowledge and life long memories with school.

Farewell

Every year a farewell is arranged for leaving class with best wishes for their next step in a positive gesture.

It's a way for juniors to bade goodbye to their seniors.

Field Trips

Round the year

Fieldtrips are meetups to interact, learn and collaborate in an effort to level-up children's creative life. Such trips are recognized as important moments in learning; a shared social experience that provides the opportunity for students to encounter and explore novel things in an authentic setting.

KIPS School arranges field trips for its students round the year. These trips are designed for and by societies themselves. Here are some glimpses of Field Trips at KIPS School.

School Assembly – Every Day

The School Assembly in the morning not only prepares the students for daily academic routine at school but is also used as a tool to spread awareness about current social issues. The recitation of The Holy Quran also adds up to the spiritual quotient of each child. Such an activity is truly an oasis of peace for students between the rush to be ready for school and upcoming day long learning activities.

Class Assembly – Every Day

Class Assembly is a unique idea being practiced in KIPS School only, to boost students' confidence. A limited audience allows every student to be the part of discussion by overcoming his/her shyness. The Class Assemblies have been proven a fine technique to form a strong bond among classmates and the teachers.

ESL – Once a week

ESL classes/activities provide a chance to students to listen and speak English. Such drills will enable the students to opt English as second language. English being International language enables students to grasp better opportunities throughout the world for adopting the careers of their own choice.

Friday Activity – Once in a fortnight

FAs Let the students show case their learning and understanding. It enables young minds to enlighten and Re-in force moral and social values to be the part of their living style. The activity helps children to polish their presentation skills.

Bazm-E-Adab – Once in a fortnight

The activity is the revival of traditional tutorial style conversation. The young minds are set free to choose and discuss any of the suitable topics.

Students do come out of their usual pen and notebook routine. A totally interactive and effective way of learning without the boredom of lectures.

Participations – Round the year

KIPS School arrange participations quite enthusiastically whether they are within school or on national/international level. It enhances students' exposure to the world around them. Some of the participations are Debate competition, Essay Writing, Performing Arts, IKSC/IKLC, GSEA/CEATS, ISMO and Spelling Bee etc.

Sports Activities

Sports @ KIPS School

Throughout the life of a child, sports can be a valuable tool to promote physical growth. Through games students learn and excel in every field with the associated communication, education and social interaction.

Through games children explore, invent and create. They also develop social skills, learn to express their emotions, and gain confidence about their own capabilities.

Keeping in the view, the importance of sports, KIPS school has divided the students into four Sports Houses, each with its own color, identity and slogan to maintain student's physical and mental fitness by fostering healthy competition among them.

Value Added Features For A Stronger Leadership Culture

The First School in Pakistan Collaborating with the Leader in Me®

An Integrated Whole School Approach

Today's school students are the leaders of tomorrow. Within a few years, these youngsters will assume leading positions in their families, workplaces, and the global society at large.

KIPS School is moving ahead with the spirit that Every Child Can Be a Leader.

KS does not believe in producing individuals who want to lead others, without knowing how to lead themselves. Therefore, it strives to teach students the art of leading themselves before learning to lead the world.

To help students achieve this goal, KIPS School, in collaboration with THE LEADER IN ME (by Franklin Covey Education), is providing them a great opportunity to prepare themselves as Future Leaders.

MOU Signing Ceremony

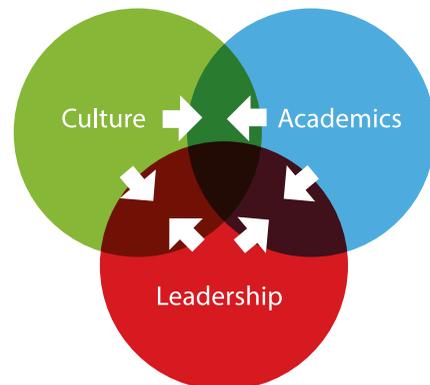

A Whole-School Transformation Process

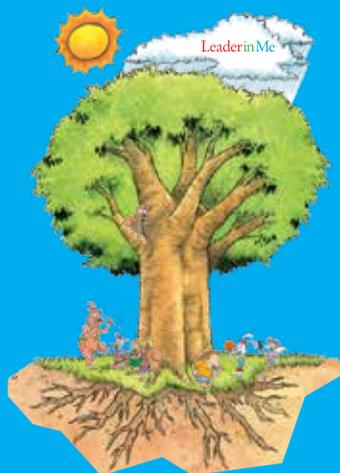

The Leader in Me is Franklin Covey's whole-school transformation process. It teaches 21st century leadership and life skills to students and creates a culture of student empowerment based on the idea that every child can be a leader.

Why LIM & 7 Habits?

The Leader in Me empowers students with the following 21st century leadership and life skills:

- Leadership
- Responsibility
- Accountability
- Problem Solving
- Adaptability
- Communication
- Initiative and Self-Direction
- Creativity
- Cross-cultural skills
- Teamwork

KIPS School is striving hard to inculcate 7 Habits in students through:

LeaderinMe® Paradigms

Everyone can be a leader.

Change starts with me.

Everyone has genius.

Educators empower students to lead their own learning.

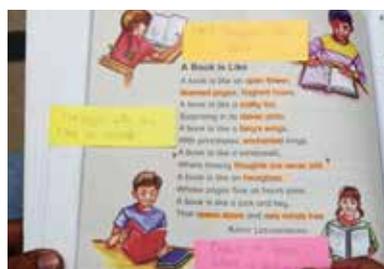

Develop the whole person.

DIRECT LESSONS

KIPS SCHOOL – NetAcad (International Computer Certification)

According to an international report, around 800 million workers will be replaced by Robots worldwide by 2030. The study shows that one-third of the workforce of 2030 may need to learn entirely new skills. Therefore, learning these modern skills for today's digital economy is something our children cannot do without. Our children aged six, eight and ten years today will be our workforce in 2035. But the question is whether they will be skilled enough to face the challenges of 2035. This is the question that led KIPS School to collaborate with CISCO, the worldwide leader in IT, to prepare its students for the future where every industry will be technology-driven.

Courses:

- Get Connected
- IT Essentials
- Networking Essentials
- IoT (Internet of Things)
- Entrepreneurship

Additional benefits:

- CISCO is a Latest Online Learning Platform.
- Your child can learn anything, anywhere.
- CISCO Certifications are internationally recognized and will help your child build his/her career worldwide.
- CISCO will provide students with a lifetime Login ID. Students will have lifetime access to the CISCO Website, where they can find latest courses and information.

KIPS SCHOOL RESEARCH & INNOVATION CENTRE

KIPS Research & Innovation Centre

The world is changing every second. According to a report released by an Australian Science Agency CSIRO, "The future won't be about people competing with machines; it will be about people using machines and doing work that is more interesting and fulfilling". Our students will not be able to cope with industry 4.0 with the "traditional learning system" alone. They need a place where they can bring forth new ideas and fuel them with passion, nourish their minds with new information and knowledge, materialize their ideas and fulfill their dreams. KIPS School Research and Innovation Centre is a platform where students can get enlightened by highly skilled mentors and industry leaders possessing state-of-the-art knowledge, so that they may develop their abilities to the full and get equipped for competing in the modern world.

RnI Day @ KIPS School

A Bagless Day

The RnI (Research & Innovation Centre) at KIPS School, Johar Town, provides state-of-the-art facilities to students with the purpose of nourishing their creative and technological skills. It gives them an opportunity to drop their bags and learn in an enjoyable environment. The components of this fortnightly activity are DEAR Class, ICC, Computer Class, and JOS

CISCO Class (International Computer Certification)

CISCO is a latest online learning platform where students can develop fundamental computer and career skills.

CISCO Netacad Certifications are internationally recognized and help students build their careers worldwide.

DEAR (Drop Everything And Read)

We at KIPS School leave no stone unturned to safeguard the comfort and wellbeing of our students. To ensure that the energies of kids at our campuses are utilized productively, we have introduced less baggage concept, by which we intend to ease the burden on our students' shoulders, without compromising their daily academic routine in the least.

ICC (I Can Create)

ICC (I can create) is meant to stimulate and polish the creative abilities of students through different activities including model-making and science projects.

JoS (Joy of Sports)

JOS (Joy of Sports) is an opportunity for students to have fun while playing indoor and outdoor games, with the motive of nourishing them physically as well as mentally.

Annual Calendar:

KIPS School annual calendar, a schedule of all the activities to be conducted during the whole session (like rounds and final test dates, events occurrence, competition participations & PTMs etc.). A.C is beneficial for students and parents, it not only facilitates smoother coordination and timely planning and communication, but also enables students to prepare and organize themselves for higher attainment.

Less Baggage Concept:

We at KIPS School leave no stone unturned to safeguard the comfort and wellbeing of our students. To ensure that the energies of kids at our campuses are utilized productively, we have introduced less baggage concept, by which we intend to ease the burden on our students' shoulders, without compromising their daily academic routine.

Printed Notebooks:

To enable young learners to write correctly and use appropriate text formats, KS has printed notebooks for the students of nursery till grade two. These notebooks not only facilitate students in their writing but also provide comprehensive guide lines for letter size, alignment and script etc.

A young man in a grey school blazer and glasses is focused on a chemistry experiment. He is using a pipette to transfer liquid into a test tube. In the background, other students in similar uniforms are working at lab benches. The laboratory is equipped with various glassware, including flasks and beakers, and a metal stand with a clamp holding a round-bottom flask. The text 'Student Learning Approach & Methodology' is overlaid in large white font on the right side of the image. A small 'KIPS' logo is visible on the student's blazer.

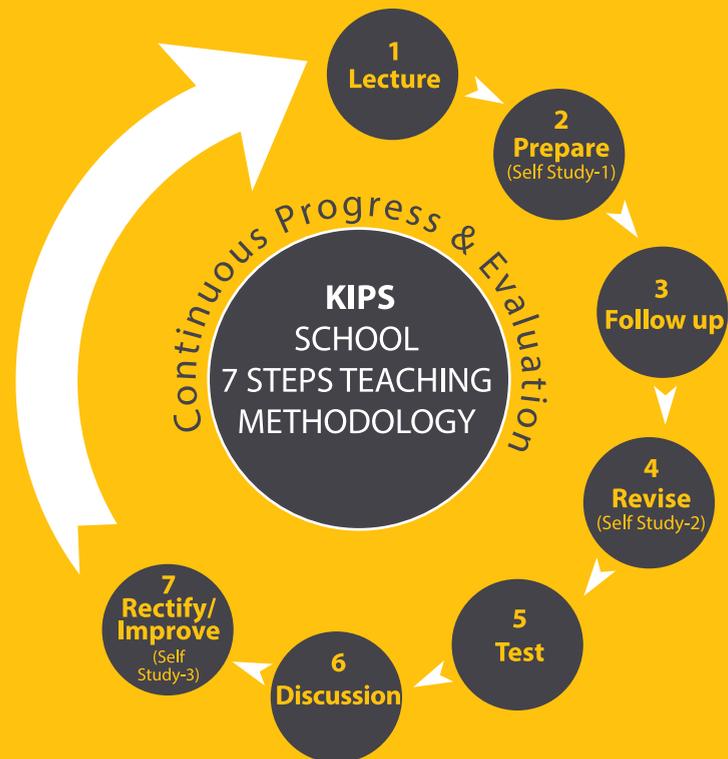

Student Learning Approach & Methodology

A STEP FORWARD WITH LEADERSHIP APPROACH

KIPS School envisions its environ for Leadership Culture focusing confidence building, broader vision, public speaking and innovative approach through rejoicing School assembly themes and performing charms and color. Enthralling opportunities have been featured in class assembly for recognizing our Islamic ideology and National fervor with a sense of leading character and competence. Our leadership program administers socio-geo reality, entrepreneur approach and 21st Century vistas to our KIPS IANS -The Future Leaders.
